COMMENTARY: Million Doll

(Group Guidelines)

This Board is where the MillionDollBoard DM editor will occasionally explain the terminology that appears in Million Doll. There are extensive subject matter debates, as at times they will differ from the real definition. We recommend that taking them too seriously.

[1:1] ♦ Million Doll Wota Terminology ♦

1: Local Idols

Who will win, Mariko or Itorio?

Don't you wonder how the Ramen Festival arc will pan out?

In the case where local idols (such as Itorio) are affiliated with an agency that has connections to the local advertising industry, it is possible for them to gain sponsors.

There are many examples, not just limited to the food industry, but also including car dealerships, special product makers, etc. who will use local idols in commercials or as mascots.

Local idols can build up a foundation of activities in their local area, in order to be able to appear at promotional events or in local commercials. After that, they usually aim for Tokyo.
